

Behavior Consult Questionnaire

Welcome to Suffield Veterinary Hospital! It is our goal to provide a supportive collaboration with you, your pet(s), and your behaviorist/trainer in order to help you improve the bond between you and your pet(s). Behavior issues can be multifactorial and difficult to manage, so any information that you can provide is helpful! Some questions may not seem necessary if you are already a current client at Suffield Veterinary Hospital, but any additional information is very helpful for us, so please answer as many as you can. We look forward to working with you.
